

PRAKASH M

Software Developer Intern

Chennai / Bengaluru (Willing to Relocate)

prakashm23032003@gmail.com — 6379320774 — linkedin.com/prakash-m23 — github.com/PRakashHQ3

Summary

Motivated Software Engineer with strong foundations in Java, Object-Oriented Programming, Data Structures Algorithms, and backend development. Hands-on experience building REST APIs, database-driven applications, and production-style backend modules through internships and real-world projects. Comfortable collaborating with cross-functional teams, debugging issues, and improving code quality through reviews and feedback.

Education

SRM Institute of Science and Technology

June 2024 – April 2026

Master of Computer Applications

CGPA: 9.3

King Nandhavanam College of Arts and Science

April 2023

Bachelor of Computer Applications

CGPA: 8.2

Internship

Top Tech Developers

May 2025

Software Developer Intern

- Developed a responsive web application using **HTML, CSS, and JavaScript**, improving performance by approximately **30%** through optimized logic and debugging.
- Participated in code reviews, followed coding standards, and incorporated feedback to enhance code quality and maintainability.
- Collaborated with team members to understand requirements, resolve defects, and deliver features within defined timelines.

Projects

E-Commerce Backend System – Java, MySQL

- Designed and developed a backend system using **Core Java** and **MySQL** to manage users, products, carts, and order workflows.
- Implemented secure authentication, role-based access, and complete CRUD operations with proper input validation and exception handling.
- Built order processing logic with automated email notifications for order confirmation and status updates.
- Optimized database queries and followed clean code and modular design principles to ensure scalability and maintainability.

Skills

Programming: Java, JavaScript

Database: MySQL, Query Optimization

Tools: Git, VS Code, Eclipse

Core Concepts: Object-Oriented Programming, Data Structures & Algorithms, Problem Solving, Solid Principles

Soft Skills: Communication, Team Collaboration, Attention to Detail, Willingness to Learn

Certifications

Full Stack Development (Java, SQL, DSA) — Greens Technology

April 2024

Data Structures and Algorithms using Java — Great Learning

March 2025

Achievements

- Solved **more than 260 Data Structures and Algorithms problems** on **LeetCode**, strengthening problem-solving skills and logical thinking.
