

PRAKASH M

Software Development Engineer

Chennai / Bangalore (Willing to Relocate)

prakashm23032003@gmail.com - 6379320774 - <https://www.linkedin.com/in/prakash-m23/>

Summary

Software Engineer with strong fundamentals in Java, Solid understanding of Object-Oriented Programming, Data Structures Algorithms, MySQL, and modern software development practices. Experienced in writing clean, efficient code, debugging applications, and working across the software development lifecycle. Highly motivated self-learner with a growth mindset, strong problem-solving ability, and readiness to relocate and adapt to fast-paced, global engineering environments.

Education

SRM Institute of Science and Technology

June 2024 – April 2026

Master of Computer Applications

CGPA: 9.3

King Nandhavanam College of Arts and Science

April 2023

Bachelor of Computer Applications

CGPA: 8.2

Internship

Top Tech Developers

May 2025

Software Developer Intern

- Assisted in designing, coding, testing, and debugging Java-based and web applications under senior developer guidance.
- Developed a responsive web application using **HTML, CSS, and JavaScript**, improving overall performance by **30%** through optimized logic and debugging.
- Collaborated with team members to gather requirements, resolve defects, and deliver features within defined time-lines.
- Gained hands-on exposure to application maintenance, version control using **Git**, and real-world **SDLC** practices.

Projects

E-Commerce Backend System – Java, MySQL

- Designed and developed a scalable backend using **Java Servlets** and **MySQL** for managing users, products, and orders.
- Implemented CRUD operations, authentication, and real-time email notification for order updates.
- Improved user communication through automated email alerts and order tracking.
- Followed clean code principles, modular design, and database optimization aligned with enterprise standards.

Skills

Programming: Java

Frontend : Html, CSS, Js

Database: SQL, MySQL

Tools: Git, VS Code, Eclipse

Core Concepts: Object-Oriented Programming (OOP), Data Structures & Algorithms, Problem Solving

Soft Skills: Communication, Team Collaboration, Attention to Detail, Willingness to Learn

Certifications

Full Stack Development (Java, SQL, DSA) — Greens Technology

April 2024

Data Structures and Algorithms using Java — Great Learning

March 2025
