

PRAKASH

Software Engineer | Java | Data Structures

📍 Chennai | 📞 6379320774 | @ prakashm23032003@gmail.com | 🔗 <https://www.linkedin.com/in/prakash-m23/> | ✉️ <https://github.com/M-PRAKASH03>

Summary

MCA graduate with strong fundamentals in Java, Data Structures & Algorithms, and backend development. Hands on experience in designing and developing RESTful APIs, database-driven applications, and debugging software issues through academic projects and internship training. Passionate about building scalable, efficient software solutions and eager to contribute as a Software Engineer in a collaborative development environment.

Education

SRM Institute of Science And Technology June 2024 – April 2026

Master of Computer Applications
CGPA: 9.3

King Nandivarman College of Arts and Science April 2023

Bachelor of Computer Applications
CGPA: 8.2

Internship

Top Tech Developers May 2025 - July 2025

Software Developer Intern

- Worked closely with the development team to understand application flow and software architecture.
- Assisted in debugging issues and improving code quality.
- Collaborated with team members to implement features and test application responsiveness.
- Gained exposure to real-world software development practices and version control using Git.

Projects

E-Commerce Backend System — Java | MySQL

- Designed and developed backend modules using Java and MySQL for user authentication, product management, and order processing.
- Implemented REST-style APIs to handle CRUD operations and ensure smooth communication between application layers.
- Designed database schema and optimized SQL queries for efficient data retrieval.
- Debugged and resolved functional issues to improve application reliability and performance.
- Followed modular coding practices to improve maintainability and scalability.
- Integrated a **real-time email notification system** for order confirmation and status updates.

Skills

Programming:	Database :	Tools:	Core Concepts:	Soft Skills:
Java	MySQL, SQL Queries	Git, GitHub, VS Code, Eclipse, Postman	Data Structures & Algorithms, Object-Oriented Programming (OOP), Debugging & Problem Solving	Communication, Collaboration, Willingness to Learn, Fast Learner

Certifications

Full Stack Development (Java, SQL,DSA) April-2024

Greens Technology

Data Structure and Algorithms using Java March-2025

Great Learning
